DieselWorks

After the end of World War II, Hino Heavy Industry ceased the production of large diesels for marine vessels, and removed the word "Heavy" from its name. The company concentrated its efforts on the production of trucks, buses and diesel engines. In 1948, the company added the word "Diesel" in its name, and became known as Hino Diesel Industry Co., Ltd.

Engines

Hino Motors. During the early 1980s Ashok Leyland entered into a collaboration with Japanese company Hino Motors from whom technology for the H-series engines was sourced. Many indigenous versions of the H-series engine were developed with 4 and 6 cylinders, and also conforming to BS2, BS3 & BS4 emission standards in India. These engines proved ...

Marine Closed "Freshwater" Cooling systems is a bit of a misnomer as they do not actually circulate freshwater but an antifreeze/water mixture. Unlike in a car where the antifreeze/water circulates through an air-cooled radiator, a closed cooling system uses lake or ocean water flowing through a heat exchanger to remove heat from the engines cooling water/antifreeze mixture.

Marine Closed "Freshwater" Cooling Systems

We have thousands of Diesel Engines for sale in our database, from Cummins to Caterpillar to Perkins to John Deere. Use our search below to find the perfect diesel engines. We connect you to the seller directly, allowing you to buy Caterpillar Engines and Cummins Engines directly.
