Step-by-Step Math Problem Solver

People who got the number 1 as the answer to this problem were using an outdated version of the order of operations, multiplying $2(4)$ first and then dividing 8 by 8, according to Talwalker. That answer would have been correct 100 years ago. But plugging the equation as is into a modern calculator results

Worksheet More Fun With Equations Answer Key

Both games require students to complete a problem and then you model the answer for the class. Then, someone gets a turn at throwing a sticky ball at a target on the board or shooting a crumpled paper into a trashcan. They love the challenge of the target part and the whole class usually really gets into it. So simple, yet so fun.
