MacBook Pro. Since the last update of Mac OS X (Mojave), I regularly have a message that tells me that my WD Drive Manager (32 bit app) will not work anymore with the next update of the OS (64 bits only). Is there any update planned of the WD Drive Manager by the WD dev' team? Thanks in advance for your answer.

Hello. I have a MyBook  
Studio Edition for Mac  
1TB (WDH1Q10000).

Can I change the hard  
drive and upgrade to a  
larger one, say 2, 3 or  
4TB? If yes, which WD  
Caviar is compatible?  
Blue, Green or Black?

Many thanks.

Studio offers a nice blend of storage and style with its 3TB Caviar Green inside a brushed metal enclosure. The new metal body is a huge step up in terms of looks and durability compared to older plastic models, although it does add some heft if you plan on traveling around with it.
